

YOU AREN' T YOU ANYMORE

A little over there there's you
While hither you aren't
You aren't you anymore

It was too good until
You used your brain to go away from me
You only had to tell me I don't want you anymore
While you told me that you aren't you anymore
You aren't you anymore
You aren't you anymore

(Female voice)
I love you it's only that
I feel confused and I don't know why
I'm afraid of the old relationship
But I feel empty for no reason
You aren't you anymore
You aren't you anymore

You are a shadow of your former self
With your jaunty air
I see you're too lonely
And you're neglecting the school
When did you lose your way?
Why did you change like this?
Do you remember the good times
So please consider this DAMN IT!

You aren't you anymore
You aren't you anymore

A little over there there's you
While hither you aren't
You aren't with me anymore
