

LEAVE

It's too hard if I don't dream of you
It's hard if you hold me right here
And I fall down if I can't give you
That man you dreamt of

The perfect man doesn't exist and I can't get it
I'll write again the story
'cause I looked inside myself
you were thinking about all the rest

And couldn't you see at least a bit
My eyes can't tell you not
I wonder if God understood me

I wish I could watch the sea
Sitting with you talking about love
Yet I'm alone lying down
watching the stars
I thing it's a wasted opportunity to gaze into the distance
Life is here below handy
And the crazy wind whispers
But it doesn't say anything
Doesn't say anything

It's not much hard if I don't think of you
It's hard if you flirt with me
Sure that you want to come closer
But what shall I do
The perfect man doesn't exist and I can't get it
And it's one less problem
If you really want to make me happy
You should take one more step

And you couldn't listen at least a bit
The voice can't tell you not
I wonder if God understood me
I wish I could watch the sea
Sitting with you talking about love
Yet I'm alone lying down
watching the stars
I thing it's a wasted opportunity to gaze into the distance
Life is here below handy
And the crazy wind whispers
But it doesn't say anything

Leave your body as a hostage
If you don't know where your heart is
Grab a lift
I offer you to stay with me
