

IT'S ONLY DREAMS

Finally the time has come to leave
Finally the time has come to come
Words spring up on a train you don't know where it's going

You look at yourself, who knows what's near
You look at yourself, then look from far away
And you'd like to sign your name upon many mirrors ah ah ah

You agree to a compromise
Life, good, sex
And you can already see all the distances are no more

Ref: Instrumental (spoken)

It's only dreams
It's only dreams
It's only signs that you can never decode

Quietness that took away your appetite
You find your respect trampled
You just need some light on a sky you drew ah ah ah

The dress you wear is bad stitched
Suddenly you feel out of place
If you throw a stone in the sea, you'll see that sooner or later it will come back ah ah ah

You agree to a compromise
Life, good, sex
And you can already see all the distances are no more here
