

# FEELING

You inside this heaven  
You crossing my thought  
Missing and finding each others  
Following your faltering footsteps

Do you really think  
the sea is a mystery  
Your blue eyes  
Your eyes say no

REF:  
Caterina what are you doing  
You're always with her  
Fifty-six your beach hut

Caterina by now  
I don't know who you are anymore  
Tell me about you

What a strange feeling  
To know your name after a year

To shake your hand  
To narrow quickly the gap

How did I strike you  
Did I make a clumsy of myself  
It was just a moment  
Sooner or later you'll know me

REF:  
Caterina what are you doing  
You're always with her  
Fifty-six your beach hut

Caterina by now  
I don't know who you are anymore  
Tell me about you
